All.

About "**PTNG Print**".

Christopher hasn't explained it yet, but I'm assuming "**PTNG Print**" means printing with Printing Tools NG and "**Print**" means printing with Thunderbird.

[@3LaHoonK](#)

I guess auto-printing doesn't work because I can't print with "PTNG Print" at the moment.

If you use Thunderbird "Print", you can print automatically, right?
